WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

LEGO.com/sustainable-packaging

EXECUTOR SUPER STAR DESTROYER™

STAR WARS

Engineering excellence from the Galactic Empire

Being a part of our celebration of the 40th anniversary of *Return of the Jedi*, this warship needs no introduction. This impressive model is our latest version of the Super Star Destroyer *Executor* - an exceptional Galactic Empire aggressor. We first see its capacity with the Empire's victory over the Rebels on Hoth under Darth Vader's command, and its shortcomings when it ultimately meets its end in the Battle of Endor. As a part of a new model concept, we created this special mid-scale display version to capture the enormity of the *Executor* in a size that will still fit on your desk or a shelf without preventing you from pretend flying it through your house and adding your own battle stories to Galactic Empire lore.

Enjoy building!

Jens Kronvold Frederiksen
Creative Director, LEGO® Star Wars™

SUPER STAR DESTROYER™ EXECUTOR

STAR WARS

L'excellence de l'ingénierie de l'Empire galactique

Un incontournable des célébrations du 40^e anniversaire du *Retour du Jedi*, ce vaisseau de guerre n'a pas besoin d'être présenté. Ce modèle impressionnant est notre dernière version du Super Star Destroyer *Executor*, un assaillant exceptionnel de l'Empire galactique. Nous sommes témoins pour la première fois de ses forces lors de la victoire de l'Empire contre les Rebelles sur Hoth, sous le commandement de Darth Vader, et de ses faiblesses lorsqu'il connaît sa fin lors de la bataille d'Endor. Dans le cadre d'un nouveau concept de modèle, nous avons créé cette version d'exposition spéciale à échelle moyenne pour saisir l'énormité de l'*Executor* dans une taille qui tiendra sur votre bureau ou sur une étagère, sans vous empêcher de le faire voler à travers votre maison et d'ajouter vos propres batailles à l'histoire de l'Empire galactique.

Bonne construction !

Jens Kronvold Frederiksen
Directeur de la création, LEGO® Star Wars™

SÚPER DESTRUCTOR ESTELAR EJECUTOR

STAR WARS

Una maravilla de la ingeniería del Imperio Galáctico

Parte infaltable de nuestra celebración por el 40 aniversario de *El Regreso del Jedi*, esta nave de guerra no necesita presentación. Este impresionante modelo es nuestra versión más reciente del Súper Destructor Estelar *Ejecutor*. Presenciamos por primera vez lo que es capaz de hacer con la victoria del Imperio sobre los Rebeldes en Hoth bajo el mando de Darth Vader. También conocimos de primera mano lo que no podía lograr cuando lo vimos llegar a su fin en la batalla de Endor. Como parte de un nuevo modelo conceptual, creamos esta versión especial de exhibición a escala media para capturar la enormidad del *Ejecutor* en un tamaño apto para exhibir en tu escritorio o en un estante, sin que ello te impida tomarlo un momento de allí para interpretar un vuelo por tu casa, mientras añades tus propios relatos de batallas a la nutrida historia del Imperio Galáctico.

¡Que disfrutes la construcción!

Jens Kronvold Frederiksen
Coordinador creativo, LEGO® Star Wars™

Built by Kuat Drive Yards

Darth Vader's titanic Star Dreadnought measures 19 kilometers (11.8 miles) in length, with a capacity for 280,784 crew members, 38,000 troops and support staff. Armed with more than 1,000 turbolasers, missile launchers, ion and laser cannons, it transports up to a thousand starfighters and hundreds of shuttles. A team of movie model makers created the scale model in just seven weeks. To convey the unprecedented size of the *Executor*, the team etched tiny holes in brass plates to allow light to shine through the starship's exterior, creating the illusion of around 250,000 lights!

Construit par les Chantiers navals de Kuat

Le titanesque cuirassé stellaire de Darth Vader mesure 19 kilomètres de long et peut accueillir 280 784 membres d'équipage, 38 000 soldats et des employés de soutien. Armé de plus de 1 000 turbolasers, lance-missiles, canons ioniques et canons laser, il transporte jusqu'à un millier de chasseurs et des centaines de navettes. Une équipe de maquettistes de cinéma a créé la maquette en sept semaines seulement. Pour exprimer la taille sans précédent de l'*Executor*, l'équipe a gravé de minuscules trous dans des plaques de laiton pour permettre à la lumière de traverser l'extérieur du vaisseau, créant ainsi l'illusion d'environ 250 000 lumières !

Construido por Kuat Drive Yards

El titánico acorazado espacial de Darth Vader tiene una longitud de 19 km y una capacidad total para transportar 280.784 tripulantes, 38.000 soldados y personal de apoyo. Armado con más de 1000 turboláseres, lanzamisiles, cañones de iones y cañones láser, transporta hasta mil cazas espaciales y cientos de transbordadores. Un equipo de modelistas cinematográficos creó el modelo a escala en solo siete semanas. Para transmitir la magnitud sin precedentes del *Ejecutor*, el equipo hizo pequeños agujeros en las placas del casco con el fin de permitir el paso de luz y dar la ilusión de unas 250.000 luces encendidas en su interior.

© & ™ Lucasfilm Ltd.

The dark side is in the details

The idea for this model came from the 77904 Nebulon-B Frigate™, an exclusive we created for the 2020 Comic-Con International. It was meant as a one-off concept – a large-scale starship recreated in table-top scale.

It became hugely popular, and fans asked for more sets in the same category, so we're excited to share this set with Rebels, Jedi and Sith Lords throughout the LEGO® Star Wars™ galaxy. (We even added a few surprises inside the model to make sure you still feel the presence of the dark side as you build.)

Le côté obscur est dans les détails

L'idée de ce modèle est venue de l'ensemble Frégate Nébulon-B (77904), une exclusivité que nous avons créée pour le Comic-Con International 2020. Il s'agissait d'un concept unique : un vaisseau de grande envergure recréé à une échelle de bureau. Il est devenu extrêmement populaire, et les amateurs ont demandé d'autres ensembles de la même catégorie. Nous sommes donc ravis de partager cet ensemble avec les Rebelles, les Jedi et les Seigneurs Sith de toute la galaxie LEGO® Star Wars™. (Nous avons même ajouté quelques surprises à l'intérieur du modèle pour garantir que vous ressentirez toujours la présence du côté obscur lors de la construction.)

El lado oscuro está en los detalles

La idea para producir este modelo surgió a partir del set Fragata Nebulon-B (77904), una exclusiva que creamos con motivo de la feria internacional Comic-Con de 2020. El modelo estaba destinado a ser una pieza irreplicable: una monumental nave espacial recreada a una escala óptima para exhibir sobre una mesa. El resultado fue que se volvió enormemente popular y los fans pidieron más sets de la misma categoría. Por eso, nos enorgullece presentar ahora este set con rebeldes, Caballeros Jedi y Lores Sith de todos los rincones de la galaxia LEGO® Star Wars™. (Incluso añadimos algunas sorpresas adentro del modelo para asegurarnos de que puedas sentir la presencia del lado oscuro mientras construyes).
